SUPREME GLADIOLUS

Our AIM is ALWAYS
The BEST of the BEST

HI - LO ACRES

R. F. D. 2 - Box 124 Lake Villa, Illinois

Ira H. Harter - Walter A. Staugard

WE WISH YOU ALL A GLAD YEAR

We also want to thank you for last year's orders, and we hope you were all well pleased with your bulbs.

It's funny isn't it?

Just as soon as you get your bulbs all cleaned you begin to watch the calendar and wish that planting time would hurry up.

And that reminds me!!!

Rush that order for new bulbs! Planting time is "just around the corner" and you don't want to be late with your planting.

You will notice that we have grouped the varieties by color this year. This makes it much easier for you to pick out the variety you want of any given color. The price per large bulb or group of bulbs given with the description tells you the cost of each variety. Then in the back is a complete price list arranged alphabetically so you can easily find any variety by name and the color is given here to enable you to find the description.

1949 INTRODUCTION

WE ARE INTRODUCING FOR THE OWNER

THOROSE

This is a deep rose seedling which has been grown for several years and has been highly recommended by florists who have used it. We feel that THOROSE is a definite improvement in its color and size class, 362.

Following are points in its favor.

- opens 6-8 florets on an 18-20 bud spike
- superb shipping qualities
- holds well even in the heat
- no discoloration on edges in heat or with age
- fine propagator
- excellent placement of florets
- a 100% cutter

In describing the color of THOROSE we might say it is close to Burma, but noticeably lighter in shade. It is nicely ruffled.

For those of you who like a show record, here it is for 1948 in Illinois: Garfield Park, Chicago: Blue ribbon single and three spike (over 100 spikes in a box shipped over 300 miles).

Prospect Heights Regional: Champion seedling and Champion 3 spike seedling—(Scored 99 points on American Home Achievement).

Cook County Fair, Chicago: Champion seedling and Champion three spike seedling.

Now for the most important: Since stock is relatively plentiful we are introducing it at a low price.

GENERAL LIST

WHITE

- | | | |
|---|------------|---------------|
| ANNAMAE (Pommert '40) | 400 | 3/.25 |
| A very early chalk white, a leading commercial, a heavy propagator of jumbo bulblets which germinate readily. | | |
| BONNIE JEANNE (Krueger '44) | 401 | 3/.25 |
| Heavy ruffled florets of an opalescent white, with a pink glow in the throat and a rose spear on the creamy white background. | | |
| ELEGANT LADY (Jack '44) | 401 | .25 |
| Ruffled blush white with rosy pink shadings on petal edges and sulphur yellow throat, opens 6-7 five-inch florets, good germinator and propagator; many people are missing the boat by not growing this one; fine commercial and exhibition flower. | | |
| FAIR ANGEL (Hatch '42) | 400 | 2/.25 |
| A creamy white, shading to deeper cream in throat, outstanding, tall, early mid-season. | | |
| HEAVENLY WHITE (Moses '44) | 401 | .20 |
| Sport of Rosa Van Lima, a beautiful delicate blue white with faint lavender mark deep in throat; blooms early. | | |
| LLONA (Krueger '43) | 400 | 3/.25 |
| A ruffled white, early mid-season about 4 feet tall with 4 to 4½-inch florets of good substance; supreme for floral work. | | |
| MAID OF ORLEANS (Pfitzer '32) | 400 | 3/.25 |
| The standard white for a number of years, a dependable free bloomer always welcomed by the florists. | | |
| MARGARET BEATON (Twomey '37) | 401 | 3/.25 |
| A true white with a small red blotch, remarkable for its vigorous growth and great height; great florists' favorite. | | |
| SILVER WINGS (Ritsema '44) | 500 | .25 |
| Another white sport of Picardy, more white, wider open and more ruffled than Leading Lady; heavy increaser and excellent grower. Much in demand for cut flowers and fine for exhibition. | | |
| SNOW PRINCESS (Pfitzer '39) | 400 | 3/25 |
| A pleasing white of good texture and consistency—a good early commercial. | | |
| SURFSIDE (Winson '37) | 400 | 3/.25 |
| Excellent commercial ruffled white with a slight penciling in the throat. | | |
| WAX MODEL (Krueger '46) | 400 | \$1.00 |
| Glistening white with emaculate small clear lavender throat spears; blooms early season from tall plants that never crook; secure attachment. A coming cut flower. | | |

Growing Gladiolus is our business.

We want your orders—not only this year but in the years to come.

There is only one basis on which we have any right to expect those orders. **GUARANTEED SATISFACTION.**

If bulbs are not satisfactory we will do our best to make them so or will refund your money if returned to us promptly.

We can do no more.

Of course we **CANNOT** guarantee your crop. There are too many conditions over which we have no control—soil, weather, rain, etc.
